A Registered Onsite Wastewater Practitioner (ROWP) registered in the category of Private Inspector, whether Residential or Commercial, must carry out inspections that meet or exceed the standards described in *Standard Practice Guidelines For Private Inspectors* (the Policy). For a complete copy of the guidelines, please refer to the ASTTBC website at <http://owrp.asttbc.org/ROWP.PrivateInspector.SPG.pdf>. The Policy, as recommended by the British Columbia OnSite Sewage Association (BCOSSA) and accepted by the ASTTBC Practice Review Board, provides for a consistent, uniform approach for the role of the ROWP - Private Inspector, to protect the interests of the consumer and public health.

COMOX VALLEY REGIONAL DISTRICT & STRATHCONA REGIONAL DISTRICT

“COMOX STRATHCONA REGIONAL DISTRICT BUILDING BYLAW NO. 2546, 2003” AND AMENDMENTS HERETO

An application for a building permit shall include copies of approvals required under any enactment relating to health or safety, including, the *Health Act* and subsequent regulations:

- in respect of a system to which section 8(2) of the *Severage System Regulation, B.C. Reg. 326/2004*, applies, all information required under that section;
- in respect of a system constructed under a permit from the Ministry of Health issued before the coming into effect of the *Severage System Regulation, B.C. Reg. 326/2004*, a report from an authorized person (ROWP or Professional Practitioner) stating that:

“the system is not malfunctioning and has been appropriately constructed and installed given the size and projected demand on the system to be placed by any buildings or improvements that are served or are to be served by the system.”

And further the report shall include a signed and sealed copy of the site plan showing the location, dimensions and occupancy of all existing and/or proposed buildings or structures. (Refer also to sections 6.2.7 and 6.2.8 of the *BCOSSA Interim Standard Practice Guidelines For Private Inspectors*.)
